

AUC

Cut the mixture into even triangles.

Show finished product to teacher.

CLEAN UP station and **ALL** materials.

CGG

Go to food vacuole and get 1 Cup of Rice Krispies. Return to ribosome and add to mixture. Stir.

UUA

Go to food vacuole
and get $\frac{1}{2}$ Cup of
chocolate chips.
Return to ribosome.
Add to mixture. Stir.

CCG

Go to food vacuole
and get 3 pieces of
butter. Return to
ribosome and put in
bowl.

GGA

Go to food vacuole
and pick up 10
marshmallows. Add to
bowl.

UAC

Go to storage vacuole
and pick up a mixing
bowl.

CCC

Go to food vacuole and get 3 pieces of butter. Return to ribosome and put in bowl.

AAC

Go to storage vacuole and pick up wax paper and square pan. Return items to ribosome.

CGA

Go to food vacuole and get 1 Cup of Rice Krispies. Return to ribosome and add to mixture. Stir.

UAU

Using wax paper, press mixture evenly into pan (if you need to, go to food vacuole and coat wax paper with cooking spray to make pressing easier).

ACA

Go to food vacuole and pick up a knife and cooking spray. Return to ribosome. Spray the pan and return spray to food vacuole.

GUG

Take bowl and spoon to microwave. Microwave mixture for 2 minutes. Stir. Return to ribosome.

UGU

Go to storage vacuole
and pick up a spoon.
Return to ribosome.

CGU

Go to food vacuole
and get 1 Cup of Rice
Krispies. Return to
ribosome and add to
mixture. Stir.

GUA

Microwave mixture
for 1 more minute.
Stir until smooth.
Return to ribosome.

GGC

Go to food vacuole
and get 10
marshmallows and put
in mixing bowl.

UGG

Go to food vacuole and get red food coloring. Return to ribosome and put 3 drops of coloring into the mixture.

Stir.

AUG

Go to food vacuole and get green food coloring. Return to ribosome and put 3 drops of coloring into the mixture.

Stir.

CAC

Create “Snowmen”
with the mixture.

CUC

Go to food vacuole and get
blue food coloring. Return to
ribosome and put 3 drops of
coloring into the mixture.

Stir.

GGU

Go to food vacuole
and get 20
marshmallows. Return
to ribosome and them
in the bowl.

GGG

Go to food vacuole
and get 3
marshmallows and add
them to the bowl.

GAC

Create “hearts” out of the mixture.

AGG

Add a teaspoon of salt to the mixture. Stir.

ACC

Go to food vacuole and pick up $\frac{1}{2}$ cup of gummie bears.
Return to ribosome.
Add to mixture and stir.

CAG

Go to food vacuole and get 10 peanut butter cups.
Return to ribosome. Unwrap them and put them in bowl.
Stir.

UUA

Go to food vacuole
and get $\frac{1}{2}$ Cup of
gummie bears. Return
to ribosome and put
them in the bowl. Stir.
