

CCA

Go to food vacuole and get 3 pieces of butter. Return to ribosome and put it in the bowl.

GGU

Go to food vacuole and get 10 marshmallows. Return to ribosome and put in bowl.

CCU

Go to food vacuole and get 3 pieces of butter. Return to ribosome and put it in the bowl.

GGG

Go to food vacuole and get 10 marshmallows. Return to ribosome and put in bowl.

CGA

Go to food vacuole and pick up 1 cup of Rice Krispies. Return to ribosome and add to mixture. Stir.

GAG

Go to storage vacuole and pick up wax paper and square pan. Return items to ribosome.

GUA

Take bowl & spoon to
microwave.

Microwave mixture
for 2 minutes. Stir.
(do **NOT** microwave spoon)

UGC

Go to storage vacuole
and pick up spoon.
Return to ribosome.

GGG

Go to food vacuole
and get 10
marshmallows. Return
to ribosome and put in
the bowl.

GGC

Go to food vacuole
and get 20
marshmallows.
Return to ribosome
and put in bowl.

CGG

Go to food vacuole and pick up 1 cup of Rice Krispies. Return to ribosome and add to mixture. Stir.

GUG

Microwave mixture for 1 more minute. Stir until smooth. Return with bowl to ribosome.

UAC

Go to storage vacuole and pick up a mixing bowl. Return to ribosome.

CCC

Go to food vacuole and get 3 pieces of butter. Return to ribosome and put in bowl.

CGU

Go to food vacuole and pick up 1 cup of Rice Krispies. Return to ribosome and add to mixture. Stir.

UUG

Go to food vacuole and get $\frac{1}{2}$ cup of chocolate chips. Return to ribosome, put in bowl. Stir.

AAA

Go to food vacuole and get red food coloring. Return to ribosome and put 3 drops of coloring into the mixture.

Stir.

AUG

Go to food vacuole and get blue food coloring. Return to ribosome and put 3 drops of coloring into the mixture.

Stir.

UAU

Using wax paper, press mixture evenly into pan.(if you need to, go to food vacuole, coat the wax paper with cooking spray to make pressing easier)

ACG

Go to food vacuole and get cooking spray. Return to ribosome. Spray pan, then return spray to vacuole.

CAC

Go to food vacuole and get green food coloring. Return to ribosome and put 3 drops of coloring into the mixture.

Stir.

CUC

Create “snow-men” with the mixture.

GAC

Create “hearts” out of the mixture.

AGG

Add a teaspoon of salt to the mixture. Stir.

ACU

Get knife from storage vacuole. Return to ribosome. Cut the mixture evenly into 2x2 inch squares. Show product to teacher. **CLEAN UP** station and **ALL** materials

CAG

Go to food vacuole and get 10 peanut butter cups. Return to ribosome. Unwrap them and put them in bowl. Stir.

UUA

Go to food vacuole and get $\frac{1}{2}$ Cup of gummie bears. Return to ribosome and put them in the bowl. Stir.

GGU

Go to food vacuole and get 10 marshmallows. Return to ribosome and put in bowl.
